

Ana Rita Pinheiro

Human Movement System (Re)habilitation

Graduated in Physiotherapy by the School of Health (ESS-P.Porto) and a P.hD. in Biomedical Science, Ana Rita Pinheiro is a Full Professor at the School of Health Sciences from the University of Aveiro (ESSUA). Currently, she's also an Integrated Researcher in the Human Movement System (Re)habilitation Area of the Center for Rehabilitation Research (CIR). Her main research interests are the role of postural control in movement organization, and the role of the fascial system in motor control and pain.
